Speech Tournament Walking Directions

Directions are from the Science Center (1 Oxford St.) unless indicated. The **South entrance** of the Sci. Ctr. is the “main” entrance facing the food trucks/Harvard Yard. The **East entrance** faces Oxford St.

Note: for **HILLES**, take the **shuttle!** It will depart at regular intervals from Oxford St. right outside the East entrance of the Science Center. It will also pick up outside of Hilles and return to the Science Center. We advise taking the shuttle so you don’t get lost! That said, Hilles (address: 59 Shepard St.) is also walkable (~15 minutes); if you are going to walk, the easiest way is to cross Cambridge Common and walk up Garden St.

Biolabs and Vanserg: Exit the East side of the Science Center. Cross Oxford St. and turn left. After you pass the first building (Mallinckrodt), turn right and follow the path that goes under the breezeway connecting Mallinckrodt and Hoffman (marked “Link” on the map). When you get to a street (Divinity Ave), **Biolabs** will be directly in front of you across the Street. For **Vanserg**, go left around Bio-Labs and then turn right.

Boylston: Exit the main (South) entrance of the Science Center, go straight into Harvard Yard and cross almost to the other side. Boylston will be slightly to your left with stairs leading to a glass door.

Harvard Hall: Exit the main (South) entrance of the Science Center. Continue straight across the plaza and enter Harvard Yard. Bear diagonally right. Harvard Hall will be on your right. It has a round white tower on top.

LISE: Exit the East side of the Sci. Center. Turn left on Oxford: LISE is the second building on your left.

Littauer: Exit the West side of the Sci. Center. Littauer is immediately ahead; the entrance is to your left.

Lowell Hall: Exit the East side of the Sci. Center. Lowell is immediately across the street, slightly to your right.

Maxwell-Dworkin: Exit the East side of the Science Center and turn left. Proceed up Oxford St.; just where the street begins to curve slightly, M-D will be on your left.

Mallinckrodt: Exit the East side of the Science Center. Mallinckrodt is just across Oxford St, slightly to your left. It has large columns in front.

Memorial Hall: Exit the main (South) entrance of the Science Center. Memorial Hall is the large red building to your left. Classrooms are in the basement.

Northwest Building (*Extemp. Prep/Draw*): Exit the East side of the Science Center, cross Oxford St, and turn left. Walk about a block and a half, and then bear right. Northwest is a large modern building with lots of glass.

Sever and Emerson: Exit the main (South) entrance of the Science Center. Go straight and enter Harvard Yard. Head left towards the church, pass in front of the steps, and then turn left. Cross the main courtyard – Sever is the big brick building straight ahead. Emerson is just past Sever on the right.

CRLS Rindge and Arts (Judges/Coaches Lounge & PF Tournament): Exit the main (South) entrance of the Science Center. Take a soft left, keeping Memorial Hall (the large brick building) on your left. Continue straight on Cambridge St. for two blocks. CRLS will be on your right.

Public Forum Walking Directions

Rindge is the main building of Cambridge Rindge and Latin School (CRLS); **Arts** is adjacent (they connect on the 2nd and 3rd floors).

Barker: Exit CRLS onto Broadway and turn right. Turn left on Quincy St. and proceed past the art museum to the end of the block; Barker is the large brick building on your left through a large gate.

CGIS K / S: Exit CRLS onto Cambridge St., turn left, and go about a block. CGIS K is the orange building with large windows to your right, CGIS S is the matching building to your left.

Fairchild: Exit CRLS onto Cambridge St. and turn left. Continue a block and a half, and then turn right on Quincy St. At the corner, cross the street and continue straight on Divinity Ave. Fairchild will be on your left.

Sever & Emerson: Exit CRLS onto Broadway and turn right. Turn left on Quincy St, go half a block, and then turn right into Harvard Yard. Sever Hall will be straight ahead; Emerson will be on your left.

William James: Exit CRLS onto Cambridge St., turn left, and then turn right on Sumner Rd. Turn left on Kirkland St. The very tall white building across the street on your right is William James.
